

Introducing . . .

The "KILN KAT™" Car Mover by Swindell Dressler

The **KILN KAT™** is another element in our line of car moving equipment for the safety conscious kiln operator. Prevent back injuries and inadvertent car superstructure damage by using our **KILN KAT™** instead of your back. The **KILN KAT™** puts the power at your fingertips.

The **KILN KAT™** operates on self-contained, rechargeable battery power and is fitted with a push/pull adaptor designed to fit your kiln car.

Call Swindell Dressler at (412)788-7100 for More Information
